YOUR PLAN, YOUR BENEFITS

This is a contract between yourself and The administrator for your vehicle. The rights and benefits of this plan may not be passed or transferred to any entity other than yourself without our prior consent.

CLAIM ASSESSMENT

All claims are assessed at date of loss. When the motor vehicle is brought in for maintenance or incidental damage repair, you may not select to have repairs or restoration carried out on only certain damages on the motor vehicle as all damage to the interior will be considered when calculating the cost for repair or restoration. This may result in the total maintenance being higher than the limit. In this case we will not authorise the repair and you or your comprehensive insurer will be liable for the repair.

REPAIR TIME FRAME

All claims must be submitted within 30-days of the damage occurring. Waiting longer may result in rust or additional damage which will result in the whole claim being denied. Should there be any evidence of rust then this plan may not be used to effect repairs.

RIGHT TO MOVE THE VEHICLE

The administrator reserve the right to move your vehicle to a preferred agent should we believe this to be in the best interest of ourselves or yourself.

MARKET RELATED COSTS

We will only approve market related prices and we hold the right to move the vehicle at any given time to a different repair shop.
