YOUR WARRANTY, YOUR BENEFITS

REPAIR WORK IN EXCESS

Where the vehicle requires work to be done in excess of that which the administrator deems necessary to rectify the fault, the difference in cost will be borne by you.

CLAIM ASSESSMENT

All claims are assessed at date of loss. This means your vehicles age, odometer, service history and various other factors are considered when claiming.

RIGHT TO MOVE THE VEHICLE

The administrator reserves the right to move your vehicle to a preferred agent should we believe this to be in the best interest of ourselves or yourself.

YOUR RESPONSIBILITIES

VEHICLE SERVICING

You must have your vehicle serviced in order to ensure your vehicle is in optimum running condition and it also helps to identify and correct potential mechanical failure before it occurs.

WHERE MUST I SERVICE MY VEHICLE?

You must service your vehicle at a manufacturer appointed Franchised or an RMI (Retail Motor Industry) registered facility.

WHEN MUST I SERVICE MY VEHICLE?

If your vehicle has a Full-Service History, it must continue to be serviced and maintained as per the manufacturer's specifications.

If your vehicle, at time of purchase of this warranty, does not have Full-Service History the vehicle must be serviced within 30-days from date of purchase of this plan and your service history must be brought up to date. This means that if a major service such as a cambelt service has been missed, this service must be completed. Thereafter the vehicle must be serviced as per the manufacturer's recommendation, which is typically annually or after the vehicle has travelled a specified number of kilometres or when instructed to do so.

All documentation regarding the service of the vehicle is to be retained. You will be required to submit this information to the administrator in the event of a claim under this policy. If you fail to do so at the time, the repair may not be accepted.

VEHICLE INSPECTIONS

All vehicles undergo an approved administrator's inspection. Any faults and damaged parts that are indicated on the inspection will not be covered. Resultant damage is also not covered. Proof of repairs must be sent to the administrator before cover will be granted for the items noted as damaged.

DUE CARE

You must take all reasonable measures to avoid any deliberate risk and minimize any further loss or damage to your vehicle in the event of any occurrence which may lead to a claim or loss.

VEHICLE MAINTENANCE

Vehicles require routine maintenance over and above what is covered by servicing. These items range from changing brake pads and batteries to replacing a worn cam gear or timing chain kits. The replacement of these parts is considered to be vehicle maintenance as they do not typically have specific servicing intervals and need to be replaced when they become worn due to usage or age.

Failure to perform required maintenance or maintenance as recommended by your service centre may be deemed negligence and can influence the outcome of a claim. A component or part which requires replacement due to it becoming functionally deficient (worn out), is considered vehicle maintenance.

You must report all claims to us and take the vehicle to a franchised dealership or an RMI approved facility within 7-days of becoming aware of the breakdown or failure otherwise the claim will not be accepted.

STEP 2

The repairer may register the claim online, or alternatively, must submit the following documents via email:

STEP 4

The claim will be assessed. If additional information is required, the claims department may appoint an assessor or request either you or your repairer to provide the information.

If all the documents provided are in order, the claims department will determine the validity of your claim.

Based on the information provided your claim will either be accepted or rejected and communicated to your repairer.

The amount authorised together with the covered component will be contained in the authorisation letter.

In the event of a valid claim where replacement parts are fitted, the administrator reserves the right to recover the damaged parts or components as salvage. Claims authorisation may be subject to the recovery of the damaged parts or components.

STEP 5

Should your claim have been authorised, your repairs may begin, and we will be liable for a maximum of the amount authorised.

- Ask the repairing dealer to invoice us directly. We will only pay for the portions covered by this plan and the balance will be for your own account.

- Pay the amount to the repairing dealer accompanied by an order number from us and then send the invoice and proof of payment to us enabling us to reimburse you.
