WARRANTY F.A.Q'S

WHAT DOES A WARRANTY COVER?

A warranty provides cover for your vehicle's components from sudden and unforeseen mechanical failure or electrical failure. Maintenance & servicing of the vehicle is not covered under a warranty.

The components covered are listed under the components covered section of this warranty.

WHICH COMPONENTS ARE NOT COVERED?

If an item is not listed under the components covered section, it is not covered.

IS THERE A WAITING PERIOD?

FUNCTIONALLY DEFICIENT (WORN OUT)	A vehicle component which has not suffered mechanical or electrical failure, however, no longer functions in its intended manner. It has reached the end of its lifespan as result of normal use and must be replaced as part of routine vehicle maintenance.
COMPONENT	A vehicle component can be a single part or a collection of parts. Each component covered is defined under the "Components Covered" section.
PRE-EXISTING DAMAGE	Any damage which occurs during or before a waiting period has passed.
COST OF REPAIR	Means the reasonable charges (market related) for components and labour to repair or replace the covered components listed.
RESULTANT DAMAGE	This is failure of a part that is caused by faulty workmanship, an external force, or by the failure of any other component or part.

IF YOU DON'T PAY YOUR PREMIUM

Missing your premium is never recommended but we understand, sometimes life gets in the way. You will have a 15-day grace period from the date of your missed payment to make payment. If your premium is not paid and this is your first payment, your plan will automatically be cancelled.

If your premium is not paid and this is not your first payment, you will not be covered for the period in which the payment was meant to be for and your benefits for the next month will be halved. If you suffer a breakdown during your 15-day grace period, your claim will only be considered once we have received the required premium.

IMPORTANT

If you miss 2 consecutive payments, we will cancel your plan immediately.
Remember: No Premium = No Cover

SELLING YOUR VEHICLE OR NO LONGER NEED COVER? HERE'S HOW YOU CAN CANCEL

You may cancel your policy at any time and with immediate effect. We may also cancel your policy by giving you 30-days' notice. We would do so verbally, by fax, email or post to your last known address.

Remember, your policy will automatically cancel when your monthly premiums are not paid for 2 consecutive months, either on the payment dates or within the grace periods in those months. Your policy and cover will end on the final day of the period for which you last paid your premium.

INSURABLE INTEREST

You must have a financial interest in the vehicle. This means you must be the owner of the vehicle or the owner of the credit agreement.

NO WAIVER

We and our service providers agree to make every effort to provide the benefits described in this policy, but we are not responsible for theft, delays, personal damage, resultant or consequential loss from the performance or inability to perform these services.

YOUR PLAN, YOUR BENEFITS

This warranty is an insurance contract between yourself and the administrator for your vehicle. The rights and benefits of this warranty may not be passed or transferred to any entity other than yourself without our prior consent.

THE WAITING PERIOD

There is a 90-day waiting period before a claim will be considered. Damage occurring during or before this period is not covered. The waiting period is also applicable for any changes which increase your cover on the warranty.

FYI

Reducing Your Waiting Period

You may be required to complete a Digital Inspection. On completion of this inspection your waiting period will be reduced to 45 days.

Waiving Your Waiting Period

The waiting period can be waived if your vehicle is taken for a MVIA approved inspection at an approved MVIA Inspection Centre.

REPAIR WORK IN EXCESS

Where the vehicle requires work to be done in excess of that which the administrator deems necessary to rectify the fault, the difference in cost will be borne by you.

CLAIM ASSESSMENT

All claims are assessed at date of loss. This means your vehicles age, odometer, service history and various other factors are considered when claiming.

RECOVERY OF DAMAGED OR REPLACED PARTS

In the event of a valid claim where replacement parts are fitted, the administrator reserves the right to recover the damaged parts or components as salvage. Claims authorisation may be subject to the recovery of the damaged parts or components.

IMPORTANT

In the event of a valid claim we will only authorise market related prices for parts and labour.

RIGHT TO MOVE THE VEHICLE

The administrator reserves the right to move your vehicle to a preferred agent should we believe this to be in the best interests of ourselves or yourself.

BENEFIT REDUCTION

The benefits for any vehicles 15-years of age or older, measured from date of first registration or with more than 400 000km will be halved. This will be either half the limit allowed or half the actual claim, whichever is the lesser.

YOUR RESPONSIBILITIES

VEHICLE SERVICING

You must have your vehicle serviced in order to ensure your vehicle is in optimum running condition and it also helps to identify and correct potential mechanical failure before it occurs.

WHERE MUST I SERVICE MY VEHICLE?

You must service your vehicle at a manufacturer appointed Franchised or a RMI (Retail Motor Industry) registered facility.

WHEN MUST I SERVICE MY VEHICLE?

If your vehicle has a full-service history, it must continue to be serviced and maintained as per the manufacturer's specifications.

If your vehicle, at time of purchase of this warranty, does not have full-service history the vehicle must be serviced within 30-days from date of purchase of this plan and your service history must be brought up to date. This means that if a major service such as a cambelt service has been missed, this service must be completed. Thereafter the vehicle must be serviced as per the manufacturer's recommendation, which is typically annually or after the vehicle has travelled a specified number of kilometres or when instructed to do so.

FYI

Items replaced during a service, are items such as spark plugs, engine oil, brake fluid, air filters and pollen filters. The items replaced differ per manufacturer, vehicle and service interval.

All documentation regarding the service of the vehicle is to be retained. You will be required to submit this information to the administrator in the event of a claim under this policy. If you fail to do so at the time, the repair may not be accepted.

IMPORTANT

The cover for vehicles which do not have a Full-Service History at the start of the plan will be halved for the first 6-months. This means a maximum of 50% of the amount normally authorised is payable in the event of a valid claim.

DUE CARE

You must take all reasonable measures to avoid any deliberate risk and minimize any further loss or damage to your vehicle in the event of any occurrence which may lead to a claim or loss.

VEHICLE INSPECTIONS

It may be required that your vehicle be inspected prior to being added onto the policy. If your vehicle is taken and passes an administrator approved inspection, your waiting period will be waived.

IMPORTANT

Any faults and damaged parts that are indicated on the inspection will not be covered. Resultant damage is also not covered. Proof of repairs must be sent to the administrator before cover will be granted for the items noted as damaged.

VEHICLE MAINTENANCE

Vehicles require routine maintenance over and above what is covered by servicing. These items range from changing brake pads and batteries to replacing a worn cam gear or timing chains kits.

These items are maintenance items as they do not typically have specific servicing intervals and need to be replaced when they become worn due to usage or age. This means should a component be worn, and failure not occur, resulting in a replacement being required, it will be considered as vehicle maintenance.

IMPORTANT

Failure to perform required maintenance or maintenance as recommended by your service centre may be deemed negligence and can influence the outcome of a claim.

WARRANTY YOUR VEHICLE

4 Wheel Drive (4x4 and AWD): 4x4 or All Wheel Drive (AWD) are vehicles that have 4 wheels and all 4 wheels are driven.

VEHICLE USE

The vehicle use that you chose is noted on your policy schedule. To have sufficient cover it's vital that you insure your car for the correct use.

COVER LIMIT

The maximum value allowed in this section is R3 000 per vehicle.

APPROVED REPAIR METHODS

Paintless dent removal, touch up, polishing, and buffing are the only approved repair methods.

NOT COVERED

If the maintenance required is not repairable using the methods mentioned, then there will be no claim against this plan.

Pre-existing damage is not covered.

Hail damage is specifically excluded.

WAITING PERIOD

Under this plan there is a specific waiting period irrespective of inspection of 30-days. Damage occurring during or before this period is not covered.

CLAIM LIMIT

You are limited to 2 claims per 12-monthly payments.

WARRANTY OPTIONAL TYRE & RIM 3000

This cover is only available if it reflects on your policy schedule and you have paid the fee accordingly.

TYRE COVER INSURANCE SECTION

UNFORESEEN ROAD HAZARDS

You are covered for damage caused to your vehicle's tyres, which are fitted to the insured vehicle and in use, as a result of an unforeseen road hazard. These road hazards are defined as potholes and foreign items in a normal national or domestic maintained road.

COVER LIMIT

The maximum amount covered per tyre is set out in the policy schedule.

CLAIM LIMIT

You are limited to a maximum of 2 tyres per 12-monthly payments received or 12-month period.

WAITING PERIOD

Under this plan there is a specific waiting period of 30-days. Damage occurring during or before this period is not covered.

BETTERMENT

Betterment will apply to all tyre claims. Liability for passenger vehicles can be determined using the table below.

LOWEST TREAD DEPTH	LIMIT OF LIABILITY
8 mm	100%
7 mm	87.5%
6 mm	75%
5 mm	62.5%
4 mm	50%
3 mm	37.5%
2 mm	25%
1 mm	12.5%
Less than 1 mm	No Cover

IMPORTANT

Betterment for all other types of vehicles, is determined by calculating the percentage of used tread.

EXAMPLE

A tyre with a replacement value of R1 000 has 7mm remaining when suffering damage as a result of a pothole.

On a passenger vehicle 12,5% betterment is applied. Therefore, the indemnity limit is 87,5% and the amount payable is R875.

On a utility vehicle, if the original tread of the tyre was 10mm, this means that 70% of the tyre tread is remaining and therefore betterment of 30% will be applied. Therefore, the amount payable is R700.

EMERGENCY REPAIRS

If emergency repairs or replacement is needed the benefit will be limited to 50% of the claim or 50% of the limit whichever is the lesser. Emergency Repairs are classified repairs where it is not possible to register a claim prior to completing the repairs. All documentation, media and the damaged tyres must be retained as proof of the event.

RIM COVER NON-INSURANCE SECTION
